The FACT BOOK is designed to provide users with statistical information needed for planning and reporting at all levels of our institution.

The following are highlights for the fall 2014 semester in the FACT BOOK:

- There were 7,498 undergraduate students, 561 graduate students, and a total enrolment of 8,059 students
- Graduate students made up 7% of the total student population
- 7,098 students were full-time
- 745 students attended the Calgary campus, 179 attended the Edmonton campus, and the overall proportion of students on the northern campuses was 11.5%
- There were 544 visa students and 403 students that declared first nations status
- 1,029 new high school and 745 new transfer students began their studies at the U of L
- 60% of the student population came from the Calgary and Lethbridge census divisions

The FACT BOOK can be viewed on the web at www.uleth.ca/analysis/documents. If you have any comments or questions regarding the FACT BOOK or should you have specific data requirements, please do not hesitate to contact Institutional Analysis.

We greatly appreciate the assistance of the individuals and departments that made the publication of the 2014/2015 FACT BOOK possible. We also wish to acknowledge the university faculty and staff for their positive feedback and endorsement of the FACT BOOK series.

University of Lethbridge Terms and Definitions

Academic Year:

Academic Year: The Academic Year runs from May 1 to April 30. This is the basis for the semester system, with Fall and Spring semesters, and separate Summer offerings. Fall semester begins in September and ends in December; Spring semester begins in January and ends in April; Summer offerings begin in May, end in August, and are divided into five sessions—the full term, and session I, II, III, and II/III combined.

Students:

Enrolment: A student registered in one or more courses or a placeholder is considered an enrolment. Bachelor of Nursing placeholders attending at Lethbridge College have been removed. An enrolment can be classified as credit, academic non-credit, full-time, or part-time. Academic non-credit students would be students registered in a Co-operative Education Work Experience course, the Management Mentors program, or the Master of Counselling Project.

Section Registration: The number of course sections in which a student registers determines the number of section registrations that student generates.

Student Type: Institutional origin of a student with respect to a given semester. There are nine student types:

- *New High School (New Post-Secondary)* - A student entering the university for the first time with fewer than 3 transferable post-secondary courses—in general, entering from high school.
- *New Post-Diploma* - A student entering a university post-diploma program for the first time who has been granted credit for an approved diploma from a recognized college or technical or vocational institute.
- *Other New Transfer* - A student entering the university for the first time who has been granted credit for 3 or more transferable post-secondary courses. Does not include post-diploma students.
- *New Transfer* - Includes New Post-Diploma and Other New Transfer students.
- *Continuing* - An admitted student who has been enrolled in at least one course (including placeholder courses) in each consecutive Fall and Spring semester from the time of his or her most recent admission to the university.
- *Returning After an Absence* - A student who did not earn post-secondary credit during an absence of at least one Fall or Spring Semester and is re-entering the university after that absence.
- *Returning Transfer* - A student who earned post-secondary credit during an absence of at least one Fall or Spring Semester and is re-entering the university after that absence.
- *Open Studies (formerly Unclassified)* - A student who is permitted to register in one or more courses during a semester or Summer Session but is not admitted to the university.
- *Visiting or Exchange* - A student enrolled at one institution who is studying at another institution with permission or under an approved exchange program/agreement.

Full-time: A student enrolled in 9 or more credit hours in a given semester. Students also may be full-time by definition including students enrolled in a Co-operative Education Work Experience course or in an M.F.A., M.Mus., or Ph.D. program. M.A., M.Sc., and M.Sc. (Management) students are full-time by definition if they are completing the program over 24 months.

Part-time: A registered student enrolled in fewer than 9 credit hours in a given semester. Audit students and students registered only in a placeholder course are also part-time. M.A., M.Sc., and M.Sc. (Management) students are part-time by definition if they are completing the program over 48 months.

Undergraduate: A student enrolled in an undergraduate level program, regardless of degrees previously awarded to the student.

Master's: A student enrolled in a master's-level program.

Doctoral: A student enrolled in a doctoral-level program.

University of Lethbridge Terms and Definitions

Students:

Full-load Equivalent (FLE): A unit measure of enrolment in which one FLE represents one student for a year of study (typically September through April) taking a full load.

Program:	Full Load:
Undergraduate Programs	30 credit hours/academic year
Master of Education	18 credit hours/academic year
Master of Counselling	12 credit hours/academic year
Post-Graduate Certificate in Counselling	12 credit hours/academic year
Post-Master's Certificate in Counselling	12 credit hours/academic year

In programs where students are full- or part-time by definition, FLE calculations are not based on credit hours. In these programs, each student generates FLEs based on their full- or part-time status in the program.

Program:	FLE Calculation:
Master of Arts – full-time	1/2 FLE/semester
Master of Arts – part-time	1/3 FLE/semester
Master of Science – full-time	1/2 FLE/semester
Master of Science – part-time	1/3 FLE/semester
Master of Fine Arts	1/2 FLE/semester
Master of Music	1/2 FLE/semester
M.Sc. (Management) – full-time	1/2 FLE/semester
M.Sc. (Management) – part-time	1/3 FLE/semester
Ph.D.	1/2 FLE/semester

Full-time Equivalent (FTE): A unit measure of enrolment in which one FTE represents one active student registered in the program for at least 60% of the full load of the program for the current session. FTE calculations are also performed on a semester basis and an annual basis.

Level:	Annual FTE:	Semester FTE:
Undergraduate	Full-time Fall + 1/4 Part-time Fall and Summer (all students in Summer Session are considered to be part-time)	Full-time + 1/4 Part-time
Master's and Doctoral	Full-time Fall + 1/3 Part-time Fall and Summer (all students in Summer Session are considered to be part-time)	Full-time + 1/3 Part-time

Year/Year Level: Undergraduate students are classified by year level according to the number of credit hours they have successfully completed.

Year:	Credit Hours:
1	0 - 29.5
2	30 - 59.5
3	60 - 89.5
4	90 - 119.5
5	120 or more

Notes:

- Open Studies students are not admitted to a program and as such are not assigned a year level.
- Diploma and certificate students do not have a year level calculated due to non-standard lengths of their programs.
- Post-diploma and second degree students are counted as being in their 2nd, 3rd, 4th, or 5th year.

University of Lethbridge Terms and Definitions

Campuses:

An applicant is initially assigned to a campus based on the campus declared on the application for admission. Once an applicant accepts an offer of admission, the campus represents the one most recently declared by the applicant.

For enrolments, campus is determined by where a student has the most course registrations in a particular semester. When a student has an equal number of registrations on more than one campus, Edmonton is chosen over Calgary, which in turn is chosen over Lethbridge. Registrations on campuses other than Lethbridge, Calgary, and Edmonton are excluded from the campus determination. If a student's registrations are all on campuses other than Lethbridge, Calgary, and Edmonton, the student is assigned to the Lethbridge campus.

For credit hour reporting, campus refers to the location (Lethbridge, Calgary, or Edmonton) where a course is taught. Lethbridge includes the "L" (Other Lethbridge) and "M" (Lethbridge) campus codes and other campuses besides Calgary and Edmonton.

Courses:

Credit Course: A course that, if successfully completed, may be credited to a University of Lethbridge degree, diploma or certificate. A semester course typically is worth three credit hours.

Section: A student or students formally organized for instruction in a specific course offering. A course offering may consist of more than one type of section. For example, one offering may include a lecture, laboratory, and/or tutorial.

Course Level: The academic level of a course indicated by the course number. 1000-level courses include those numbered from 1000 to 1999; 2000-level courses include those numbered from 2000 to 2999; etc.

Undergraduate-level courses typically include those courses numbered less than 5000.

Master's-level courses typically include those numbered from 5000 to 6999.

Doctoral-level courses typically include those numbered from 7000 to 8999.

Placeholder: A Placeholder course either enables students not registered in credit courses to maintain active student status in their program or enables students registered elsewhere to maintain continuing student status for registration purposes. No credit hours are attached to Placeholder courses.

Grades:

The university employs a letter system for grading, which was revised in Fall of 1988 to include the "+" and "-" scheme. The letter grade is converted to grade points for use in calculating grade point average, a measure of overall academic performance.

Letter Grade:		Grade Points:
A+		4.0
A	Excellent	4.0
A-		3.7
B+		3.3
B	Good	3.0
B-		2.7
C+		2.3
C	Satisfactory	2.0
C-		1.7
D+	Poor	1.3
D	Minimal Pass	1.0
F	Failure	0.0
WF	Withdrawal/Fail	0.0

Note: The Withdrawal/Failure Designation was effective from May 1, 1992 to April 30, 2010. It was assigned when a student withdrew from a course but had already reached the legislated maximum number of individual course withdrawals.

University of Lethbridge Terms and Definitions

Non-grade Designations:

AU - Audit

AI - Administrative Incomplete

I - Incomplete

W - All withdrawals

X - May be either Continuing or Permanent

CR - Credit

NC - Non-credit

P - Pass

Refer to Part 4 - Academic Regulations, Policies and Program Requirements in the University of Lethbridge Calendar for more information on the grading system and non-grade designations.

Reporting Changes:

Fact Book reporting methods and results may change to maintain consistency with current reporting practices. Information on these changes can be found at <http://www.uleth.ca/analysis/definition/reporting-changes>.

FLEs are as reported to Alberta Innovation and Advanced Education through the Learner and Enrolment Reporting System.

Summer and Fall FLEs extracted on January 15; Spring FLEs extracted on June 15.

Due to changes in withdrawal policies, 2011/2012 and subsequent values are not comparable to previous years.

As of 2012/2013, the Faculty of Management allows direct entry to undergraduate programs.

Students previously admitted to the pre-Management programs in the Faculty of Arts and Science are now admitted directly to the Faculty of Management.

The associated FLEs are reported under the Faculty of Management instead of the Faculty of Arts and Science.

As a result, the FLEs for the Faculty of Arts and Science have declined and the FLEs for the Faculty of Management have increased.

Open Studies students were previously reported as undergraduate Arts and Science students. They are now reported as Open Studies students at the appropriate level.
