# Would you like to see what the area looks like today?

Any parcel of land in Alberta can be located by its legal land description which is based on the Alberta Township Survey system. It is a grid network dividing the province into equal-sized parcels of land.

On a side column of the map you will find the Township (Tp) number.

Provide us with the **township number** (on the side column) and the **range number** (R - on the bottom of the map) **along with the name you are interested in**.

Send a check for \$30 U.S. (\$35 Can.) and \$10 U.S. \$12 Can.) for each additional name to:
