

# ADD YOUR VOICE

To the University of Lethbridge's Sexual Violence Policy & Procedures

## October 16th-20th, 2017

This week is dedicated to providing spaces and opportunities to the ULeithbridge, campus community to add considerations, input, thoughts, heart-felt expressions, experience, and guidance to the development of the second draft of the Sexual Violence Policy & Procedures.

We invite community members to Add Their Voice to this development & consultation process in anyway that is meaningful to them, while considering two questions:

1. What are the features of an ideal response by The University of Lethbridge to the problem of sexual violence involving members of the University Community?
2. What is required for members of the University Community to have confidence in ULeithbridge's institutional accountability on the issue of sexual violence?

add

Join daily sessions to add your input, guidance, ideas, and experience.

express

Share what is important or meaningful to you & what you need to see: tell us what accountability means to you.

write

Reflect and consider: which practices & policies will contribute to & nourish safety & respect on campus.

Can't make the sessions? Write what you need/want to express, to [sexualviolenceinfo@uleth.ca](mailto:sexualviolenceinfo@uleth.ca)
