Brain Awareness Week 2017

FREE PUBLIC ACTIVITIES

The Search for Consciousness

A free lecture by Dr. Adrian Owen on his research utilizing neuroimaging to study disorders of consciousness resulting from brain injury.

Dr. Owen is the University of Western Ontario Canada Excellence Research Chair in Cognitive Imaging & Neuroscience.

Tuesday, March 14 | 7 p.m.
Yates Memorial Centre
1002-4th Ave. South

Proudly sponsored by the Harley Hotchkiss memorial fund.

CCBN Open House & Brain Awareness Fair

The Canadian Centre for Behavioural Neuroscience is the only research facility of its kind in Canada. Step inside and learn about the ground-breaking discoveries we're making here in southern Alberta.

Everyone is welcome at this free event, which includes activities for children and free parking.

Saturday, March 18 | 10 a.m. - 1 p.m.
CCBN, University of Lethbridge
4401 University Drive West

Canadian Centre for
Behavioural Neuroscience
