

## Indigenous Awareness Days Calendar

***This year FNMI Student Affairs in collaboration with other Departments, Faculties and clubs, is hosting Indigenous Awareness Days (formerly Native Awareness Week). This year, various events and activities are planned throughout the year which is different from previous years. This calendar will be upgraded regularly as new events and activities are planned. All students, staff, and faculty are invited to share, learn, and celebrate Indigenous culture, traditions and social concerns as we move forward as an institution for change and reconciliation.***
