

LET'S GET CONSENSUAL

Consent Workshop

October 20th, 2017
11AM-1PM

The Sexual Violence Support & Education Team presents
Let's Get Consensual: Consent Workshop, which
is intended to provide folks with the education, skills, and opportunities to
understand and practice consent in a supportive and sex positive space.

Some of the topics that folks can expect to engage in will include: consent (what
it is, why it's required, how to practice it), gender-based violence, safer
spaces, sex positivity, power, and privilege. Through activities, discussion,
and media, the workshop offers a chance for us to talk about all the ways we
can provide safe, fun, and sexy ways to build relationships with the people we
care about.

Ask.

Listen.

Respect.

Must REGISTER! Limited to 20 Participants
