## Construct a degree with impact

**Have you ever taken apart a Rubik's cube, or better yet, figured out how to complete it? Do you dream on a grand scale? Are you fascinated by puzzles and ready to solve problems? Are you an innovator?**

Take advantage of our excellent teaching environment. Engineering at uLethbridge will prepare you for your future — no matter where it takes you.

Please join us to learn more about how the program works, what you need to qualify, available scholarships & awards, and what it's like to be a student in this program.

You will also have the opportunity to meet with faculty members and instructors, as well as current students.

Contact Catherine Drenth at 403-329-2280 or [catherine.drenth@uleth.ca](mailto:catherine.drenth@uleth.ca) for more information.
