SUSTAINABLE

# AGRICULTURE SHOWCASE

---

**Mar 31 - Apr 1, 2023**

Agriculture has become one of the most important applications of scientific knowledge. The challenge of feeding a planet while sustaining the health of the environment requires new scientific advances.

The University of Lethbridge invites you to attend a Showcase of lectures, posters and displays that address advances in Sustainable Agriculture. There will be two main events:

Public Lecture with Dr. Martin Entz, UManitoba | Mar 31, 7 p.m., BMO Auditorium, Science Commons

Sustainable Agriculture Conference | Apr 1, 9 a.m. - 4 p.m., Science Commons Atrium

\*Please register for these two free events – see the QR Code or web link listed below.

These events have been made possible, in part, by financial support provided from the McCain Foundation.

Use your phone to scan the QR code, or visit
