This is a planning guide and not a graduation check or guarantee of course offerings. You should have a program check done in your final year of studies. Students are responsible for the accuracy of their own programs. The guide should be used in conjunction with the University of Lethbridge Calendar, which is the final authority on all questions regarding program requirements and academic regulations. Contact an Academic Advisor in the Faculty of Arts and Science or Faculty of Education for advising information.

## **Bachelor of Science/Bachelor of Education**

# Notes

Students wishing to include 3000-level Physics courses in their program must take Mathematics 2580 (Calculus IV) which is a prerequisite for such courses except Physics 3750 and some offerings of the Physics 3900 series.

It is recommended that Physics majors include courses in Biology, Chemistry, Computer Science, and Mathematics.

Since a number of senior-level Physics courses are offered only in alternate years, students are advised to plan carefully to include the desired courses. Students are strongly advised to seek help in planning their program from the Department of Physics and Astronomy.

<sup>&</sup>lt;sup>1</sup>Prerequisite required: Engineering 2000

	ral Education Requirement (GLER). total may be counted from all courses offered 6 Calendar, p. 83, for more information.	Not more than three Independent Study courses (9.0 cm hours) may be completed for credit towards the degree.	
by a single department. See the 2013/2016 Calendar, p. 83, for more information.  LIST I: Fine Arts and Humanities Courses		Not more than three Disciplinary Credit Applied Studies	s

# Sample Sequencing Plan

Shown below is a sample sequence of courses for your degree. If you follow this plan, you should be able to graduate in five years, provided you complete five courses per semester. This is just one example of how you could complete your major and degree requirements; you may find that a different sequence works as well as this one.

Year 1, Fall

Chemistry 1000 or Chemistry 1110

Mathematics 1410 Mathematics 15601

Physics 1000 or Physics 1050

GLER course

Year 2, Fall

Physics 2020 Education 2500<sup>2</sup> Mathematics 2570 Physics 2120 **GLER** course

Year 3, Fall

Professional Semester I

Year 4, Fall

Physics elective 3000/4000 level 3 GLER course 3000/4000 level GLER course 3000/4000 level Elective 3000/4000 level Elective 3000/4000 level

Year 5, Fall

Year 5, Spring Professional Semester III **Education Foundation course** 

**Education elective Education elective Education elective** Elective 3000/4000 level

**Elementary Education and Special/Inclusive Education** students will reverse the fall and spring semesters in Year 5 and complete PS III in the spring.

Note: Students wishing to include 3000-level Physics courses in their program must take Mathematics 2580 (Calculus IV) which is a prerequisite for most Physics courses at the 3000/4000 level.

#### **Terms Used**

GLER course: A course that could count toward the General Liberal Education Requirement. You may use courses in your major towards this 12-course requirement. See the 2015/2016 University of Lethbridge Calendar, Part 4 - Academic Regulations (p. 83) for complete information.

The Faculty of Arts and Science offers Liberal Education 1000 and 2000, specifically designed to introduce first-year students to the wide scope of human knowledge and teach essential university success skills, critical thinking, and integrative thinking (see the 2015/2016 University of Lethbridge Calendar, Part 14 - Courses, p. 301). LBED 1000 and 2000 may be used toward satisfying the GLER.

Elective: A course that you may choose freely from all those available and applicable to your program. Use courses inside or outside your major. bearing in mind any restrictions that may apply (e.g., a maximum of 17 courses from any one discipline).

## **Faculty of Education Admission**

Admission to the Faculty of Education requires successful completion of the following:

 20 semester courses (60.0 credit hours).
 Minimum cumulative grade point average of 2.50 on all UofL and transferable courses taken within the semesters containing the last $20$ courses ( $60.0$ credit hours). All courses must be graded with the exception of Education $2500$ .
 Minimum of eight courses (24.0 credit hours) in the major.
 $\label{lem:minimum} \begin{tabular}{ll} Minimum cumulative grade point average of 2.50 on all graded courses comprising the major, including all transferable courses. \end{tabular}$
 Credit in Education 2500 - Practicum I - Orientation to Teaching (or equivalent) including a favourable recommendation from the instructor.
 Writing Proficiency Requirement:  See Part 13 (Combined Degrees) in the Academic Calendar:  www.uleth.ca/ross/academic-calendar
 Additional admission requirements in the following majors: Dramatic Arts, Music, Native Education and Physical Education

For specific information on admission requirements, please refer to the Combined Degrees section of the Academic Calendar:

#### www.uleth.ca/ross/academic-calendar/part13.pdf

Students are advised to contact Student Program Services in the Faculty of Education (TH421; tel. 403-329-2254) for guidelines regarding the requirements stated above.

For application and document deadlines please refer to: www.uleth.ca/ross/admission-information/deadlines

### **Combined Degrees Program:**

Students begin this program in the Faculty of Arts and Science where they progress toward completion of Arts and Science degree requirements, and prepare to meet the admission requirements for the Faculty of Education. Please note that completion of the required prerequisites does not guarantee admission to the Faculty of Education. For students of Aboriginal descent, and students with a significant shift in academic performance, please see the current Calendar for the Faculty of Education's admission policy.

<sup>&</sup>lt;sup>1</sup> Students with less than 75% in Mathematics 30-1 or without Mathematics 31 must complete MATH 1010 as a prerequisite.

 $<sup>^2\,</sup>$  Education 2500 may also be taken in spring or summer semester.

<sup>&</sup>lt;sup>3</sup> Physics electives may be chosen from Physics, Astronomy, or Engineering.
