

# PSYC3760: Animal Communication

## Fall 2016

**Room:** C610

**Time:** Tuesday & Thursday 1:40 – 2:55

**Website:** Moodle; <http://sites.sinauer.com/animalcommunication2e/>

**Instructor:** David Logue

**Instructor's Email:** david.logue@uleth.ca

**Office:** D858

**Office hours:** Monday 2:00 – 4:00

**TA:** Samantha Krause

**TA's email:** samantha.krause@uleth.ca

**Office:** B836

**Office hours:** Wednesday 10:00 – 12:00

### Prerequisites

PSYC 2700 and at least one other 2000-level, 3-credit course in PSYC or NEUR.

### Textbook

Available as a regular book or an E-book (through CourseSmart). The first edition is not an acceptable substitute.

## Course structure

*Lectures* – On most days, David will lecture on a chapter from the textbook. He'll post the slides on Moodle before class. You should bring a copy (on a computer or printed out) and take additional notes during class. The lectures will follow the book pretty closely, but they will include some material that is not in the book and omit some material that is in the book. The material in the lectures will be the basis of the exam questions. If a topic is not discussed in the lecture, it will not appear on the exam.

*Exam review* – Prior to review days, each student will post one question to Moodle. Questions are due before the start of class. The instructor and TA will select questions to review during the class period.

## Exams

Exams will be made up of multiple choice questions and administered in the Testing Centre. No notes of any kind are permitted, but you may use of the Windows calculator program. The midterms will cover the lectures. The final will include the lectures from the last quarter of the course, as well as comprehensive questions addressing some of the most important ideas from quarters one through three. *Students will not be able to access completed exams with their own accounts*. If you wish to review you completed exam, you should visit office hours and the instructor or TA can open it for you on Moodle.

<b>Exam</b>	<b>Dates</b>	<b>Content</b>
Midterm 1	Oct 2 – Oct 6	Ch. 1-4
Midterm 2	Oct 23 - Oct 27	Ch. 5,6, & 8
Midterm 3	Nov 20 – Nov 24	Ch. 9-11
Final	TBD	Ch. 12-14 Major concepts from entire course

## Grading

### Grade breakdown

20% Midterm 1

20% Midterm 2

20% Midterm 3

30% Final

10% Questions for review days

At the end of the term I will assign letter grades on a straight scale. I reserve the right to increase all grades by a flat amount, if necessary.

A+ > 95	C+ = 69 – 72
A = 90 – 95	C = 64 – 68
A- = 85 – 89	C- = 60 – 63
B+ = 81 – 84	D+ = 55 – 59
B = 77 – 80	D = 50 – 54
B- = 73 – 76	F < 50

### Other Course Policies

I offer make-up credits for *documented emergencies only*. If you are not sure if your situation qualifies as an emergency, you should ask the instructor ahead of time. *Students that miss exams or assignments for non-emergencies will receive a zero.*

Please do not use electronic devices for any off-topic purpose during class. Feel free to step outside if you want to call, text, tweet, Tinder, etc.

Students wishing to meet with the instructor or TA should do so during office hours. We can schedule meetings outside of office hours if the student absolutely cannot meet during office hours. (We like meeting with students, but we're both very busy, and there are a lot of you.)

# Schedule

The schedule may change in response to changes to the academic calendar or if we get behind.

<b>Date</b>	<b>Chapter</b>	<b>Topic</b>
