## **University of Lethbridge highlights for the week of April 3 to 8**

The University of Lethbridge has several events lined up this week that may be of interest to your readers, viewers and listeners. Members of the media who are interested in covering these events are encouraged to contact the individual event organizer directly.

### **Contemporary Emotion Research & Its Relevance for Clinical Practice Tuesday, April 3, 3 p.m., M1035, Markin Hall**

Tremendous growth in emotion research across many disciplines, including psychology, neuroscience, sociology, philosophy and computational sciences, have led to the emergence of a new discipline called affective science. Dr. Eva Hudlicka, Fulbright-Palix Distinguished Research Chair, principal scientist at Psychometrix Associates and part-time lecturer at the University of Massachusetts, Amherst, will discuss findings from recent emotion research, explore contemporary emotion theories and highlight their relevance for clinical practice.
