#### 5. **ITEMS FOR ACTION**

##### 5.1.2020-21 Fees & Rates

MOTION: opn.2020.02.02

Labuhn/Gallimore

*That the Board of Governors approve the proposed domestic and international tuition fees as outlined in recommendations 1 and 9 – 12 for 2020-2021, with the domestic and international tuition fees for 2021-2022 to 2022-2023 approved in principle.*

Motion: Carried (2 opposed Gammack/Miles)

There was a question about the tuition increases and if we are putting ourselves at a competitive disadvantage. C. Takeyasu explained that to our knowledge, other institutions in the province are going to the maximum 7% increase as well, and even with the increase in tuition, we will remain competitive across the country. As 70% of our student population comes from outside of the City of Lethbridge, we remain mindful of living expenses for our students as well.

There was a discussion on lowering our dependence on the Campus Alberta Grant and revenue generating opportunities, including increasing our international student enrolment, south campus development, and different program offerings.

MOTION: opn.2020.02.02

Labuhn/Philipp

*That the Board of Governors approve the proposed fees and rates for mandatory non-instructional fees and other fees as outlined in recommendations 2 – 8 and 13 – 58, for 2020-2021, with the mandatory non-instructional fees and rates for 2021-2022 to 2022-2023 approved in principle.*

Motion: Carried

A. Gammack highlighted that the proposed increase to Students' Union Health Plan Levy will allow coverage to include much needed mental health services for students.

## 6. ITEMS FOR INFORMATION

### 6.1. Audited Student Financial Statements – Students Union

There was a question regarding the increase in premiums payable to the Student Health Plan. A. Gammack reported that the ULSU did not have caps on certain claims, specifically prescription, which led to the increase in the premiums over 2018. The health care provider is small, but they do work with a few other post-secondary institutions. We provide a staff person to help with claims, which helps to keep our costs down. J. Miles added that reviews are conducted on the provider every five years to ensure that we have the lowest rates.

A. Gammack noted that the Students' Union is taking large and strategic steps as an organization in how they operate including increasing marketing and reducing the dependence on student levy fees.

## 7. REPORTS
