Job Posting Information

Term Posted	Summer 2019
Job Title	Health, Safety, Security & Environment (HSSE) Management Summer Student
Duration	4 Months
Job Location (City/Town)	Calgary
Job Location (Province/State)	Alberta
Job Description	

At TransCanada we dream big, think big and do big things. For over 65 years, we've had the vision and scale to deliver big things that matter to the world. From supplying reliable and efficient energy to millions of North Americans with our pipelines, gas storage and power generation facilities, we believe in making big things possible.

TransCanada is looking for Summer Students who are willing to think about the future... and think big.

We emphasize the importance of valuable work for our Summer Students. We are devoted to providing a learning environment where students can gain valuable skills and experiences that contribute to their future careers while also learning about TransCanada's business and culture. Successful applicants will become integral members of the department while learning within a team environment, completing meaningful tasks, and collaborating with managers on important projects. This position is a great opportunity for the candidate desiring to launch their career in the energy industry.

Responsibilities:

The student's responsibilities will be dependent on the needs of the team. Some of the possible work responsibilities include, but are not limited to:

- Supporting various programs within the HSSE Management department, including supporting campaigns, managing special projects and day-to-day tasks;
- Assisting in the development and roll-out of programs, policies, processes and procedures;
- Collaborating with internal and external stakeholders, to ensure effective processes are in place, and provides safety expertise to help facilitate business processes and decisions;
- Maintaining documentation and filing systems are maintained;
- Other tasks, as required.

Job Requirements**Required:**

- Work well as part of a high functioning team in a dynamic and fast paced environment;
- Demonstrate initiative and ability to problem solve;
- Demonstrate discretion in dealing with sensitive matters and maintains confidentiality of information and documents;
- Perform effectively under tight deadlines and changing priorities;
- Possess strong attention to detail and accuracy;
- Manage multiple priorities in an efficient manner.

Preferred:

- Must be currently enrolled a Bachelor of Science, with preference given to those with a major in Kinesiology, Public Health, Nursing, Ergonomics or participating in an Occupational Health & Safety, Industrial hygiene related undergraduate program;
- Must have completed second year of studies towards BSc degree program by May 2018.

Preferred Academic Level	Undergraduate
All Programs	No
Targeted Degrees and Disciplines	Bachelor of Science (BSC) Public Health (BHSC) Agricultural Studies Exercise Science Kinesiology Public Health
Projected Start Date	May 06, 2019 12:00 AM
Projected End Date	August 23, 2019 12:00 AM
