TheatreXtra Mandate

TheatreXtra is a student-centric theatre production program, with a mandate to encourage innovative processes for development and/or rehearsal of a theatre production. TheatreXtra provides opportunities for students to extend the skills acquired through Drama courses and previous experiences. We help prepare students for participation in projects like fringe festivals, emerging arts festivals, and independent productions. Thank you for supporting TheatreXtra!

-Artistic Producers: Kacie Hall, Jesse Thibert, Lauren Moore

Director's Note

The Murder sparked incredible imagery from the first read and had me instantly hooked. I am so proud of all those involved for bringing this piece to life for the first time. I have intense gratitude for my actors for trusting Brenna and me through this exploration. I am beyond thrilled to have played a hand in bringing TheatreXtra back to in-person performances. Thank you all for bravely joining us.
