## ELI PROGRAMS OVERVIEW

For more details about the below programs, please follow the provided hyperlinks to our website or jump to [this section](#) of the ELI Student Guide.

### EAP: English for Academic Purposes

The [English for Academic Purposes](#) (EAP) Program is an intensive English language program that helps students to meet the English Language Proficiency requirement of the University of Lethbridge. The EAP program is for intermediate to advanced English language learners who want to develop their academic reading, writing, speaking, and listening skills necessary for success in an academic English environment.

### Summer English Experience in Canada Program

The [Summer English Experience in Canada](#) Program is a month-long immersion experience in Canadian culture and English language. Classes focus primarily on developing students' confidence, fluency, and accuracy with English. Out-of-class excursions and activities enable students to experience the wide vistas and regional charm of the Canadian prairies, and recreational amenities at the University of Lethbridge.

### WTP: Writing Tutoring Program

[Writing Tutoring Program](#) (WTP) volunteers provide useful and informed feedback on English for Academic Purposes (EAP) students' writing at different stages of the writing process. The WTP helps EAP students improve their academic writing skills by providing them with writing tutorial support.

### ELPP: English Language Partner Program

The [English Language Partner Program](#) pairs international students with a Canadian student volunteer. Partners meet approximately one hour per week. The English Language Partner Program focuses on conversational English skills and cultural exchange.

### ELI Activities

[ELI Activities](#) are created and hosted by the ELI Student Activity Coordinator. These are fun activities for ELI students to get to know Lethbridge, the University of Lethbridge community, and make friends with other students.

### Custom Programs

The English Language Institute provides custom English language programs for domestic and international students. Programs for beginner to professional-level students are available.

## EAP PROGRAM

## EAP Levels and Courses

EAP 011__	EAP 012__	EAP 013__	EAP 014__
Pre-Intermediate	Intermediate	High Intermediate	Advanced

Completion of EAP 014\_ (Advanced) Level courses meets the University of Lethbridge's English Language Proficiency Requirement for admission to undergraduate and graduate programs<sup>1</sup>. Students who complete EAP 0140 and EAP 0141 will not be required to submit a standardized English language test score (e.g., CAEL, IELTS, or TOEFL).

### LEVEL PLACEMENT:

You will be evaluated on your English language ability using a placement test. Placement tests are administered at the beginning of each term. All new students must take a placement test.

### EAP LEVELS

Each level of study takes one semester (12-weeks, or approximately four months) to complete. There are two courses in each level: **Reading and Writing** and **Communication**. Each course is 10 hours per week of in-class time. These two courses make a full-time program of study each semester.

<b>ADVANCED</b>	<b>READING &amp; WRITING</b> Students will practice essay structures that are commonly used in English language essays; practice APA writing format; understand and implement reading and writing processes and strategies; improve fluency and accuracy in academic reading and writing; and improve essay-writing and reading comprehension skills through teacher, self, and peer editing and feedback. Students will engage in research writing, including choosing a topic, identifying audience, beginning to write, including supporting ideas with in-text citations, summarizing, paraphrasing, and referencing. Students will also identify and explain points of view, personal attitudes, and emotions in editorials, articles, personal essays, and fictional writing.  <i>Course: EAP 0140</i>	<b>COMMUNICATION</b> Students will participate and respond to academic lectures and prepare presentations on researched topics. During the course, students will take notes on key ideas in extended academic lectures in order to summarize, restate and discuss academic topics in both teacher and student-lead discussions with a focus on pronunciation. Students will present fluent, academically researched presentations to a formal audience with the advanced use of visual aids.  <i>Course: EAP 0141</i>

## EAP Course Evaluation and Assessment

EAP courses focus on building students' English skills and academic strategies across reading, writing, listening, and speaking. You will be evaluated similarly to degree-based courses at the University of Lethbridge; we expect you to complete homework, assignments, quizzes, and exams. Class attendance and participation are extremely important. Frequent absences and poor participation will lead to lower grades.

### *Sample Course Evaluation Breakdown*

The requirements of each course will vary. You should refer to their Course Outlines for information about their courses.

Reading and Writing		Communication	
Participation	10%	Participation	10%
Reading, writing, and vocabulary logs	10%	Student-led discussions	15%

In a typical term, you can expect one to two graded assignments or tests per week. In each term, you will be required to write a minimum of two tests or quizzes in each course. You will complete at least two major assignments or presentations per term and will complete regular minor assignments. Final examinations are written during the last week of the term.

If you have questions about how something is graded, you should speak to your instructor immediately. It is your responsibility to make sure that you understand the grading of the assignment.

If an instructor finds that a student has copied, cheated, or otherwise engaged in academic dishonesty, his or her grade may be affected. See [Academic Integrity Policy](#).

## Passing an EAP Course

To pass an EAP course, you must complete the course with a grade of 70% (C) or higher. A student with a grade below 70% must repeat that course. Courses can be repeated individually without repeating the entire level.

Upon completion of a course, you can check your final grades online by logging into your Moodle course or the Bridge. You may also request an official academic transcript from the Registrar's Office or via the Bridge.

## Using EAP to Meet the University of Lethbridge's ELP Requirement

Satisfactory completion of the Advanced level of the EAP program meets the English Language Proficiency (ELP) requirements for the University of Lethbridge undergraduate and graduate studies. It is your responsibility to ensure that you meet all entrance requirements and have a complete undergraduate or graduate application submitted.

### APPLYING FOR ADMISSION TO THE UNIVERSITY OF LETHBRIDGE

If you want help applying for admission to an undergraduate or graduate program at the University of Lethbridge, follow the directions online [here](#). You can also speak to the front desk staff at the International Centre for advice.

## Repeating an EAP Course

If a student fails a course one time, they will be able to repeat the course. If a student fails the same course a second time, they will be placed on EAP Probation. If the student fails the same level a third time, they will be dismissed from the program. Dismissal from the program may be appealed to the Manager of the English Language Institute. However, if a student has failed to the requirements of the Learning Contract (see below), the request for an appeal will be rejected.

## Lack of Progress

A student may be placed on EAP Probation if he or she does not make progress through the EAP courses in a timely manner. Students who fail to make progress after being placed on EAP Probation may be dismissed from the program.

## EAP Probation

Students on EAP Probation must complete a Learning Contract, an agreement between a student and the ELI. This Learning Contract is prepared by the Manager of the ELI and outlines the expectations we have of students at the ELI. The Manager of the ELI will go through the expectations with the student and note areas where improvement is required. The student will be required to sign the Learning Contract. While on EAP Probation, a student may also be required to meet weekly with an assigned probation supervisor to report on progress in that level. If a student fails to meet the requirements outlined in the Learning Contract, they will be removed from the program.

## EAP Scholarships

### EAP DOMESTIC STUDENT BURSARY

EAP students who are Canadian citizens and permanent residents are eligible to receive a \$500.00 bursary. Students may receive the award more than once throughout the EAP program, but only once per term.

### EAP COMPLETION SCHOLARSHIP

EAP students who have completed the Advanced level of the EAP program and will be continuing into full-time undergraduate or graduate studies are eligible to receive a \$500.00 scholarship. Scholarships are awarded on the basis of work ethic, attitude, and academic achievement.

## ELI ACADEMIC PRINCIPLES, POLICIES, AND EXPECTATIONS

We expect our ELI students to follow our principles and policies surrounding their studies. Principles and policies apply equally to all students without exceptions. The ELI strives to ensure the fair and equitable treatment of its students while maintaining the rigour of its programs.

### Principles of Student Citizenship

At the University of Lethbridge, we pride ourselves on fostering an environment of tolerance, open-mindedness, and mutual respect where all members of the academic community may express their thoughts, beliefs, and opinions freely without fear of discrimination. We support diversity and equal opportunity, and we encourage intellectual exchange, creativity, and originality in our students, instructors, and staff. We ask that students contribute to promoting this culture by respecting the thoughts and beliefs of others, even if they contradict their own.

Additionally, we ask students to be considerate when using the buildings, grounds, facilities and equipment of the University of Lethbridge. For more details, see [University of Lethbridge Principles of Student Citizenship](#).

### Classroom and School Culture

You may find that studying at the ELI is different from studying at your previous school(s). All students are expected to take an active and accountable role in their education. Partner work, group work, group discussions, class presentations, and outside research are very common parts of ELI programs. It is important that you participate in these activities to improve your English.

To be a good language learner, you should use every opportunity to practice your English even if you make mistakes. Asking many questions and speaking up in class will also be helpful. You should remember that learning a language takes time and hard work, so be patient with yourself. It will take time for your English to improve.

1. Ask questions
2. Talk with other students
3. Contribute in class

If you find you are struggling with your program or adjusting to life in Lethbridge, seek help from your instructor, the International Office, or other support services on campus.

## English-Only Policy

The ELI is an English Only Zone, and the English-Only Policy is a very important of the ELI. English is the one, shared language in our diverse cultural community that we can all speak and understand. All staff and instructors work together to make sure that the ELI provides a positive English immersion experience, and you will always be encouraged and supported to speak English.

Students are expected to:

1. Complete all course work in English. This means all discussion, note taking, and writing should be done in English.
2. Conduct research for class assignments in English. Materials cited must always be English sources.
3. Speak only English during any ELI-sponsored events or activities.

## Class Attendance Policy

Because active participation in language learning is critical to student success, attendance and participation are compulsory. Poor attendance leads to missed assignments and tests, and consequently low grades.

Students are responsible for attending courses, being on time, and participating fully. To complete an ELI course successfully, students must come to class and participate. Students who do not complete their assignments or group tasks may not be able to complete their program. Students who are absent for any reason, including illness, must email or call their instructor(s) or the International Centre. Students who will miss class must contact their instructor(s) or the International Centre **BEFORE** the scheduled class.

1. Regular and punctual attendance is expected of all students.
2. Students who miss classes must inform their instructor regarding absences and arrange to complete any missed work. The instructor is not required to provide make-up work. Missed assignments and tests may result in a zero (as decided by the instructor).
3. If a student is more than 30 minutes late, they will be marked as absent.
4. Students who sleep in class will be marked as absent.
5. EAP students with more than three unexcused absences per term are ineligible for the EAP Completion scholarship.
6. Students who are frequently absent, often late, or do not participate fully in class will meet with the Manager of the English Language Institute.

Regular and punctual attendance is necessary to complete a course. If you do not meet the attendance policy requirements:

- You may be placed on EAP Probation.
- You may automatically receive a grade of “F”.
- You may be dismissed from the program and suspended from registering in any future ELI programs.

## Homework and Assignments Policy

1. Students must come prepared for class each day. Students must bring their completed homework, assignments, books, and supplies to each class.
2. Students must turn in homework and assignments on time. Instructors are not required to accept late assignments. Homework and assignments that are submitted late may result in a zero or have points deducted (as decided by the instructor).

## Academic Accommodations Policy

Academic Accommodation is the process of making alterations to the delivery of services so that those services become accessible to more people, including persons with disabilities.

The ELI is committed to fostering an inclusive, welcoming culture that integrates all students into the university community so that they reach their full potential. Any ELI student with a disability is asked to notify the Accommodated Learning Centre as soon as the need is apparent.

For more details, see the University of Lethbridge [Policy for Academic Accommodations](#). You can also jump to the [Learning Support](#) section of this guide.

## Academic Integrity Policy

The Academic Integrity Policy is based on the University of Lethbridge [Student Discipline Policy – Academic Offences](#).

Any copying or other use of another person’s work in part or full, or allowing others to hand in work intended to be done by the student is a very serious academic offense. Students who are caught committing plagiarism (presenting work that has not been produced by the student), cheating, duplicating, distributing confidential materials, or misrepresenting material facts on any assignment, quiz, or exam may be dismissed from the ELI.

1. ELI students should seek to be totally honest
2. ELI students must complete their own work and be evaluated based upon that work

3. EAP students must avoid academic dishonesty in all its forms, including plagiarism, cheating, duplication, distribution of confidential materials, and misrepresentation.

## PLAGIARISM

*Intentional Plagiarism* is the act of representing the words, ideas, or data of another as the student's own without citing the author through quotation, reference, or footnote.

*Inadvertent Plagiarism* is the act of using another's words, ideas, or data without citing the author properly. This usually results from not knowing the rules for documenting sources or from not being careful in research and writing. Students who have questions about citing an author should talk with their teacher.

Examples of plagiarism include:

***Direct Plagiarism***—Copying an original source exactly without citing the author.

***Paraphrased Plagiarism***—Paraphrasing ideas from another that the reader might mistake for the student's own because the author is not cited.

***Plagiarism Mosaic***—Borrowing of words, ideas, or data from an original source and blending this original material with the student's own without citing the author properly.

***Insufficient Acknowledgment***—Not completely citing the authors for their words, ideas, or data from an original source. Plagiarism may occur with unpublished as well as published writing. It is a serious form of plagiarism when a student copies another's work and submits it as his or her own individual work without proper credit to the author.

## CHEATING

Cheating is a form of dishonesty where a student tries to show knowledge or skill that he or she does not have. Examples include:

- A student copying from another person's work
- A student allowing someone to copy his or her own work
- The use of unauthorized materials while working on an assignment, quiz, or test
- Talking with others without permission while working on an assignment, quiz, or test
- A student completing an assignment, quiz, or test for someone else
- A student allowing someone else to complete an assignment, quiz, or test for him or her
- Continuing work on a timed assignment, quiz, or test after the time has ended
- Completing an assignment, quiz, or test and then telling a classmate what was on it

- A student asking a classmate about an assignment, quiz, or test that he or she has not yet taken

## DUPLICATION

Duplication occurs when a student submits work he or she completed for a previous class (at the ELI or elsewhere) **without** the knowledge and approval of the instructor to whom it is submitted.

## DISTRIBUTION OF CONFIDENTIAL MATERIALS

It is an offence to obtain, distribute, or receive any confidential academic materials such as a forthcoming test or exam.

## MISREPRESENTATION AND FALSIFICATION

Misrepresentation and falsification are forms of dishonesty where the student makes up or change the original information. Examples include:

- Citing a source that does not exist
- Citing a source for ideas and information that are not included in the source
- Intentionally distorting the meaning or applicability of data
- Inventing data or statistical results to support conclusions

## PROCEDURES AND PENALTIES

1. The instructor must review the alleged offense with the student and will direct the student to refer to the Discipline Policy.
2. Where the instructor has reason to believe that an offense has been committed, he or she may impose a written reprimand in which a summary of both the offence and additional penalty, if any, is include. The instructor may impose one or more of the following additional penalties:
  - a. Additional work
  - b. Grade reduction in or rejection of the assignment, test, or exam
  - c. Grade reduction in the course
  - d. A grade of 'F' in the course. If a student is given a grade of 'F', then the student is no longer registered in that offering of the course and no longer has classroom privileges. Should a student elect to appeal this penalty, the student will remain registered until the appeal is decided.

The instructor shall forward a copy of the written reprimand to the Manager of the English Language Institute for inclusion in the student's file.

At the discretion of the Manager, a student with a previous academic offence on file may be subject to further disciplinary action ranging from a recommendation of a grade reduction to suspension or expulsion.

## APPEALS

Within seven working days of receiving a written reprimand, a student may challenge either the accusation of having committed an offence or the penalty imposed by the instructor for an offence by submitting a written appeal to the Manager of the English Language Institute to explain the reason he or she feels the accusation or penalty is unfair. The Manager shall review the case and either uphold the instructor's decision, reduce the penalty, or dismiss the case. If an allegation of an academic offence is dismissed, the written notice in the student's file shall be destroyed. The Manager's decision regarding the appeal of the instructor's decision shall be final.

## Final Grade Appeals

Within seven working days of receiving a final grade in an EAP course, a student may challenge a final grade by submitting a written appeal to the Manager of the English Language Institute to explain the reason he or she feels the grade is unfair. The Manager shall review appeal with the student, the student's class work and performance with the instructor, and may initiate a review of the student's work by other ELI instructors. Within ten working days of receiving the written appeal, the Manager of the English Language Institute shall issue a decision and either increase the final grade, keep the grade the same, or decrease the final grade. If a student remains unsatisfied with the outcome of the appeal they may escalate their appeal to the Executive Director, International. The Executive Director, International's decision regarding the final grade appeal shall be final.

## General Compliments or Complaints

General compliments or complaints regarding the program or the University of Lethbridge may be brought to the attention of a student's instructor, International Centre staff, Campus Safety and Security Services, or Student Services depending on the nature of the compliment or complaint. In any case, complaints will be dealt with promptly and respectfully in reference to university policies and the needs of the student.

## ELI PROGRAM POLICIES AND REGULATIONS

### Continuous Enrollment Status (Conditionally Admitted Students only)

Students admitted under the Conditional English Proficiency route to undergraduate or graduate studies at the University of Lethbridge must maintain continuous registration in the EAP program during Fall, Spring, and Summer semesters until the English Language Proficiency (ELP) requirement is satisfied. Failure to do so will result in loss of the student's conditional admission status, as outlined in the University of Lethbridge [Academic Calendar](#).

### Semester Off Policy

In addition to losing any condition admission status, students who choose to take one or more semesters off before returning to the EAP program must reapply to rejoin the EAP program (including payment of the \$125.00 application fee again.)

Students may be required to retake the placement test (and pay the associated \$35 placement test fee) when they return to the EAP program.

### Tuition and Fee Payment Policy

Tuition and other student fees must be paid in full by the [university deadline](#). Any money still owing at this time may be subject to additional late fees. Failure to pay money owing by the university deadline may result in removal from the program. *Tuition* refers to the cost of the course. It does not include the cost of the textbooks and other course-specific resources you may need. Students should pay their tuition and fees to the University [Cash Office](#).

### Refund Policy

#### EAP APPLICATION FEE AND OTHER STUDENT FEES

The EAP Application Fee and other university student fees are non-refundable under all circumstances.

#### TUITION DEPOSIT

The EAP tuition deposit is only transferable in the following situation:

If a student meets their English Language Proficiency requirement *before* the start date of the uLethbridge EAP Program in which the student is enrolled, their tuition deposit may be applied to undergraduate tuition charges.

The student must provide evidence to Admissions that they have met the English Language Proficiency Requirement. Students must also notify the English Language Institute by

emailing [eli@uleth.ca](mailto:eli@uleth.ca) prior to the first date of the EAP program to let us know that they will not be attending the EAP program. In this email, students should request that their tuition deposit be applied to their undergraduate tuition charges.

## PRE-PAID TUITION

1. Students qualify for a partial refund of their pre-paid tuition only if they withdraw or are withdrawn from the program before the extended drop date. See the University of Lethbridge [Academic Schedule](#) for this date.
2. Students do not qualify for a refund of pre-paid tuition if they withdraw or are withdrawn from the program after the extended drop date.

## Health Insurance Policy

Each student in the ELI must have health (medical) insurance.

1. Students must have health insurance to study in the ELI.
2. Students must have their health insurance verified by Health Centre staff during the first week of class.
3. If evidence of health insurance is not provided to the Health Centre, a hold may be placed on the student account, preventing future registration in EAP classes and other privileges.

For ELI students who will remain in Alberta for less than one year:

- We encourage these students to purchase health insurance BEFORE travelling to Canada. Upon arrival, students must speak with Health Centre staff to verify their current coverage or to receive help with applying for health insurance if they do not have coverage already.

For ELI students remaining in Alberta for longer than one year:

- Students who will be staying in Alberta for at least twelve consecutive months can apply for [Alberta Health Care](#).

To sign up for health insurance at the University of Lethbridge Health Centre (SU020), students will need:

- Their passport
- Their study permit (if applicable)
- Proof of their home address in Canada (such as a bank statement, landlord/tenant agreement, or utility bill)

## Late Arrival Policy

New students to any program are expected to be on campus for orientation and placement testing for the first day of the program, and all students (new and returning) are expected to be present for the first day of classes. Late arrivals are discouraged but may be permitted for extenuating circumstances.

Students arriving late to the EAP program have, with permission, until the Monday of the second week of classes to arrive late. Students who arrive after this date are unlikely to be admitted to the program but will be considered on a case-by-case basis.

## Early Departure Policy

Students enrolled in ELI programs are expected to remain for the entire program. Students who leave early or miss important work may fail their courses. All absences will be recorded and may affect a student's final mark and ability to progress in the program.

### Writing Tutoring Program

The [Writing Tutoring Program](#) helps ELI students improve their academic writing skills by providing them with writing tutorial support. Our volunteer tutors provide useful and informed feedback on English for Academic Purposes (EAP) students' writing at different stages of the writing process.

Tutoring sessions are one-on-one and up to one hour in length. EAP students bring a copy of the assignment instructions, notes, outlines, or drafts that they have already created to work on with their tutors. Both EAP students and their tutors set goals and strive to achieve them.

Tutors do not write, proofread, or edit EAP students' writing. Rather, tutors will help you:

- Explore the process of writing by discovering helpful and relevant strategies to write academically

- Develop your critical thinking skills
- Enhance your skills in expressing ideas clearly and concisely
- Work on your class written assignments
- Build a thesis statement
- Write better introductory, body, and conclusion paragraphs
- Structure and organize your writing
- Use appropriate citation and referencing formats for your sources throughout your paper
- Proofread, edit, and self-assess your written texts

## **FINAL WORDS OF ADVICE ON HOW TO BE SUCCESSFUL AT THE ELI**

ELI instructors and staff are committed to helping students in their English language learning journeys.

To make the most your experience at the ELI, you are strongly encouraged to:

2. Ask for help when it's needed. ELI instructors are there to help students grown and develop their English skills.
3. Actively participate in class. Answer questions, contribute to class discussions, take notes, and speak with classmates during group work.
4. Participate in extracurricular activities outside of class to practice using English with friends and other students. Regular use of English in a variety of settings enhances confidence and develops your English skills and abilities more quickly.
