## Calgary Campus Writing Centre NOW OPEN

**Get help with your writing assignments, ace your essays, and master your citations! The Writing Centre will help you reach your academic writing goals!**

**Drop-in appointments now available Monday-Friday 2:30pm-5:30pm in room S6033**

Now, don't get this wrong, *this is not a proofreading service*. The writing coach will not "fix" or "edit" your paper. **Rather, our writing coach can help with:**

- Planning and constructing essay outlines
- Generating ideas and developing narrowed topics
- Understanding sentence and paragraph structure
- Understanding documentation (APA, Chicago, MLA, etc.)
- Developing an effective, genre-specific style
- Understanding the principles of paraphrasing, summarizing, and quoting

Stop by with a copy of your writing assignment, the expectations for the assignment (assignment description), and an open mind!
