**Note that these sequences were prepared based on course scheduling at the time of publication and may change during your studies.**

When planning a different course sequence, be sure to review the prerequisites for future terms to ensure you meet them. If you'd like your course sequencing double-checked, feel free to reach out to our office, [health.science@uleth.ca](mailto:health.science@uleth.ca). If you wish to take less classes per term, please contact our office.

Electives can be adjusted as needed. Make sure to review the **General Requirements** outlined in your Program Planning Guide (PPG)
