

## **NURSING 4922**

## Clinical Reference Evaluation Out of Region/In-Region Specialty Placements

You have been identified as a suitable clinical reference for a student requesting an **Out of Region or In-Region Specialty Area Placement** for their final practice experience. Please assess the student based on the criteria below. Indicate where the student ranks on the scale relative to other students you have taught at the same stage in the program.

STUDENT: \_\_\_\_\_ INSTRUCTOR: \_\_\_\_\_

Click on the appropriate score on the scale below each question. Note that "0" is interpreted as "UNACCEPTABLE" and "10" is considered Superior. If you are unable to assess this student in relation to any question, click "unable to assess".

## 1. Organizational Skills and Time Management

The student consistently demonstrated strong time management and organizational skills when providing patient care tasks, documentation, and time during clinical practice.

0---1---2---3---4---5---6---7---8---9---10      UNABLE TO ASSESS

## 2. Student Preparation for Practice Setting (Initiative)

The student consistently completed thorough, relevant, organized patient research for each clinical week.

0---1---2---3---4---5---6---7---8---9---10      UNABLE TO ASSESS
