

Consider a healthcare practicum that offers you great experience and lots of variety — come to Northern Alberta!

Funding Available

Alberta Health Services (AHS) offers a wide range of settings and experiences and with Northern Alberta Development Council (NADC), are offering the money to help make it happen.

There are a variety of practicum positions that can be funded at AHS facilities within the NADC Zone. This funding can help you with the costs of travel to and from a community, commuting between two northern communities and with accommodation costs when you are there.

Grow your career

Working in Northern Alberta allows you the chance to work with cases you wouldn't normally work with in a large centre. You will find a range of professional development opportunities – from staying current with clinical best practices to developing your leadership ability and variety in your role by working in a smaller facility.

There are many great learning opportunities to develop your skills as a health care professional and the chance to advance your career. Take this opportunity to learn by talking with and working alongside established professionals in their field, developing and refining the skills you already have and making connections that may last throughout your professional career.

Experience Adventure in Alberta's North

Discover the vast boreal forests, enjoy unique cultures, and witness the beautiful glow of the northern lights.

In winter you can ski, skate, snowmobile or drive on an ice-road. Our extended summer days with midnight sunsets make a truly unforgettable experience and provide extra time to golf, hike, bike, paddle or fish.

IMPORTANT INFO

Funding is available up to these maximum amounts:

\$1200 for 0 – 3 months

\$1800 for 3 – 6 months

\$2500 for 6+ months
