

What was your best experience?

“For me, the most interesting aspect of the program was the opportunity to explore Korea with a diverse group of international students. I made friends with stu-

dents from America, Poland, Belgium, Brazil, China, Vietnam, Taiwan, and, of course, Korea. As we got to know each other, it was not uncommon to participate in conversations that

switched smoothly between multiple languages. One evening, I watched an American teach his Korean friend how to curse in Chinese: to the horror of the Chinese, and the amusement of everyone else! My memories of Korea will always be colored by these memories of unexpected friendships. “

Caitlin Ratcliffe

Major: English and History
Program: Ulsan International Program (UIP)
Ulsan University
Ulsan, South Korea

“I would absolutely recommend this program! It is exceptionally well-organized; the staff are friendly and competent and the program accommodates a range of abilities and interests. Prior knowledge of Korean is helpful but not necessary.”
