## **Erickson-Massey Development Plan (1969): Objectives**

- Strengthening existing site and building features;
- Ensuring a compact campus;
- Integrating with nature;
- Allowing for an appropriate brand of architecture; and
- Creating a unique Campus identity and experience

## **Key Physical Drivers**

- Campus Gateway on and giving primacy to Aperture Drive;
- Framing a “Coulee-Quad” and campus heart;
- Interconnected buildings (academic, residential) that engage the coulee;
- Unique brand of architecture fully integrated with landscape; and
- Creating a unique Campus identity and experience

## **Key Physical Drivers**

- Campus Gateway on and giving primacy to Aperture Drive;
- Framing a “Coulee-Quad” and campus heart;
- Interconnected buildings (academic, residential) that engage the coulee;
- Unique brand of architecture fully integrated with landscape; and
- Creating a unique Campus identity and experience

### **...as relating to:**

- Academic;
- Development, Growth;
- Image, Composition, Vistas
- Integration;
- Performance
- Core and Connectivity
