

For immediate release — Tuesday, February 16, 2016

University of Lethbridge highlights for the week of February 16 to 20

The University of Lethbridge has a number of events lined up this week that may be of interest to your readers, viewers and listeners. Members of the media who are interested in covering these events are encouraged to contact the individual event organizer directly.

Herschel/SPIRE Consortium

Tuesday, Feb. 16 to Thursday, Feb. 18, Markin Hall

Leading scientists from around the world have gathered for a four-day conference, the final meeting of the Herschel/SPIRE Consortium. The U of L's David Naylor, physics and astronomy, and his team of researchers created SPIRE, one of three scientific instruments attached to the Herschel telescope.

Media Availability: Tuesday, Feb. 16, 12:55 to 2:15 p.m., Markin Hall Atrium

Contact: Trevor Kenney, 403-329-2710, trevor.kenney@uleth.ca

Let's Talk Science — Science at Night

Wednesday, Feb. 17, 7:30 to 10:30 p.m., E750 and E714, University Hall chemistry labs

Science at Night is the first event of its kind at the U of L. This adults-only event provides fun, engaging, hands-on science activities.

Prairie University Biology Symposium (PUBS) and Graduate Biology Symposium

Thursday, Feb. 18, 7 a.m. to Saturday, Feb. 20, Atrium, B650, B660, University Hall

This annual symposium gives undergraduate and graduate students and post-doctoral fellows the chance to present their research, either as a platform presentation or poster display, attend workshops, listen to keynote speeches and socialize.
