

AUDITOR'S REPORT

To the Board of Governors of
The University of Lethbridge

I have audited the statement of financial position of The University of Lethbridge as at March 31, 2000 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the University's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the University as at March 31, 2000 and the results of its operations and its cash flows for the year then ended in accordance with generally accepted accounting principles.
