About the Bachelor of Health Sciences - Addictions Counselling Program

The Addictions Counselling program was developed by the University of Lethbridge and Medicine Hat College. The program provides students with the practical skills and the theoretical knowledge needed for an effective and compassionate role in treatment, prevention and health promotion wherever addiction, or the potential for addiction, affects people's lives. The program considers a range of intervention strategies and addictive behaviours, including substance abuse, problem gambling, and sexual or eating disorders.

Admission Requirements

Students may enter the program directly from high school, as a transfer student from an approved post-secondary institution or as non-matriculated adults. Students holding approved diplomas in Addictions Counselling or related areas may be eligible for admission into the Post-Diploma B.H.Sc. - Addictions Counselling program. Please refer to the 2010/2011 University of Lethbridge Calendar for complete information regarding admission requirements.
