Notes

IMPORTANT: Prerequisites and corequisites are subject to change annually. Consult the current Calendar or Timetable.

You are required to meet all prerequisites for individual courses in the Post-Diploma program. You are strongly cautioned to meet all prerequisites in your chosen major. If the major selected is different from that in your college diploma program, be aware that you may lack the prerequisites. For further information, please refer to the 2010/ 2011 University of Lethbridge Calendar (Part 15 - Courses) or consult the Management Undergraduate Programs Office (E480; tel. 403-329-2153).

 Instead of Pure Mathematics 30 or Mathematics 30, students may use UofL's Mathematics 0500, or both Applied Mathematics 30 and a minimum grade of 75% in Athabasca University's Mathematics 101.

Sequencing

Courses in this major may not be offered every semester. Students should consult current timetables. Students may opt to take Summer Session courses which may reduce the overall length of time required to complete the degree. Sequencing of courses will vary for part-time students.
