

## Program Planning Guide

Current and past Program Planning Guides are available on the UofL website at [www.uleth.ca/ross/ppgs/ppg.html](http://www.uleth.ca/ross/ppgs/ppg.html)

Calendar Year: 2010/2011

Faculty: Arts & Science/Education

### Department of Sociology

---

#### What is Sociology?

Sociology provides the conceptual and methodological framework to understand society. Its primary goal is to stimulate thinking about society, applying imagination and critical analysis to the many facets of social life.

---

#### About the Major in Sociology

Using the conceptual and methodological tools that sociology provides, we gain insight into how people relate to one another and become aware of the values and beliefs that shape the structures and processes of society. This encourages more than the development of analytical insight; the application of sociology can lead to a better understanding of social problems and issues and suggest how they might be addressed.

---

#### Career Opportunities

Sociology graduates may pursue careers in

- social work
  - criminal justice
  - law
  - rehabilitation counselling
  - services for youth, women, and families
  - employment counselling
  - admissions counselling
  - policy analysis
  - market research
  - population demographics
  - recreation program planning
- 

#### Co-operative Education in the Humanities and Social Sciences

A Co-op option, requiring three work terms, is available. Students interested in the Co-operative Education/Internship program should contact the Coordinator of Co-operative Education in the Career Resources Centre (B610 | phone: 403-382-7154) for further information.

## Faculty of Education

---

### Choosing an Education Major

The Faculty of Education offers 11 different majors that correspond to teaching subjects in Alberta schools (see p. 163 in the 2010/2011 University of Lethbridge Calendar for a listing). In highly competitive teaching majors, the GPA for admission may be above the minimum requirements.

---

### How to Choose a Major

Students generally begin by thinking about which subjects they enjoyed and did well at in school. Students are also encouraged to conduct additional research regarding their interests and aptitudes. Students who are uncertain about their major should try taking introductory courses in several areas. If you are developing a *Sociology major in Arts and Science and Social Studies major in Education*, you are encouraged to use the Liberal Education and elective courses to include other social studies areas such as Anthropology, Economics, Geography, History, and/or Political Science. Courses with a focus on Canadian Studies are recommended.

---

### Choosing Courses Outside the Major

Students sometimes find that their initial objective to teach only at the elementary level or only at the secondary school level is later modified—or even completely changed. Students are therefore encouraged to select courses that will prepare them for teaching in a variety of situations. Moreover, students should select courses that not only provide breadth and richness for the classroom but also provide the basis for the development of a teaching minor or specialization.

---

### Choosing an Education Minor

The Faculty of Education offers 19 minors (see p. 167 in the 2010/2011 University of Lethbridge Calendar for a listing). A minor consists of five non-Education courses (excluding those used in the major) and one curriculum and instruction Education course. Students may use the same courses to fulfill the minor and the General Liberal Education Requirement (GLER).

---

### Choosing an Education Specialization

The Faculty of Education offers three specializations:

- Early Childhood Education
- Special/Inclusive Education
- Technology in Education

The specializations consist of four courses and corresponding Professional Semester III focus.

---

### Advantages of Completing a Minor and/or Specialization

Completing a minor and/or a specialization allows students to develop expertise in a second area of teaching and be more versatile and marketable as a graduating teacher. For more information, see the 2010/2011 University of Lethbridge Calendar, Part 8 - Education, Sections 7. Education Minors (p. 167) and 8. Education Specializations (p. 172).

---

### Where to Get Help

You can start career research at your school counselling centre, at your local library, or on the Internet, including websites like Alberta Advanced Education and Technology ([www.advancededucation.gov.ab.ca](http://www.advancededucation.gov.ab.ca)). There are also many programs and people at the University of Lethbridge to assist you with a choice of major. Career and Employment Services (CES) assists students and alumni with their career exploration needs (in particular, see "What Can I Do With a Major in...?" at [www.uleth.ca/ross/ces/majors.html](http://www.uleth.ca/ross/ces/majors.html)). Students may also contact an Academic Advisor in Student Program Services in the Faculty of Education (email: [edu.sps@uleth.ca](mailto:edu.sps@uleth.ca) | phone: 403-329-2254) or in the Faculty of Arts and Science (email: [artsci.advising@uleth.ca](mailto:artsci.advising@uleth.ca) | phone: 403-329-5106).

---

### Program Requirements

The B.A./B.Ed. combined degrees program with a major in Sociology/Social Studies Education requires a minimum of 30 courses in Arts and Science and 20 in Education. A minimum of 10 courses is required in the major. A maximum of 17 courses in Sociology is allowed.

---

### Transfer Credit

Remember that you may use both University of Lethbridge credit and credit transferred from another college or university to meet degree and major requirements. Transfer credit may be either specified or unspecified. Specified credit is indicated on your transcript by the subject name and the specific number of the course, e.g., Sociology 1000, 2100, etc. Unspecified credit (1XXX, 2XXX, etc.) is indicated by the subject name and level of the course in parentheses, e.g., Sociology (1000 level), Sociology (2000 level), etc.

---

### Unspecified Course Credit

Unspecified course credit means that the University of Lethbridge does not offer the same course you transferred in, but we recognize it and treat it as a regular course. An unspecified course would count as one of your maximum of 17 from one department, but it could not meet a specific course requirement. For example, if Sociology 2200 is required in your program, you could not use Sociology (2000 level) to fulfill that requirement. Students with unspecified transfer credit need to consult an Academic Advisor to establish how the transfer credit fits in the degree program. This should be done as soon as possible after transfer credit is awarded.

## Sample Sequencing Plan

Shown below is a sample sequence of courses for your degree. If you follow this plan, you should be able to graduate in five years, provided you complete five courses per semester. This is just one example of how you could complete your major and degree requirements; you may find that a different sequence works as well as this one.

<p><b>Year 1, Fall</b>                      History 1000 (<i>recommended</i>)                      Sociology 1000                      GLER course                      GLER course                      GLER course</p> <p><b>Year 2, Fall</b>                      Education 2500<sup>2</sup>                      Sociology 2200                      Sociology 3000/4000 level                      GLER course                      Elective</p> <p><b>Year 3, Fall</b>                      Professional Semester I</p> <p><b>Year 4, Fall</b>                      Sociology 3000/4000 level                      Elective 3000/4000 level                      Elective 3000/4000 level                      Elective                      Elective</p> <p><b>Year 5, Fall</b>                      Professional Semester III</p>	<p><b>Year 1, Spring</b>                      Geography 2600 (<i>recommended</i>)                      History 2710 or History 2720                      (<i>recommended</i>)                      Sociology 2100<sup>1</sup>                      GLER course                      GLER course</p> <p><b>Year 2, Spring</b>                      Sociology 2210                      Sociology 3000/4000 level                      Sociology 3000/4000 level                      Sociology 3000/4000 level                      Elective</p> <p><b>Year 3, Spring</b>                      Sociology 3110 or Sociology 3120                      Elective 3000/4000 level                      Elective                      Elective                      Elective</p> <p><b>Year 4, Spring</b>                      Professional Semester II</p> <p><b>Year 5, Spring</b>                      Education Foundation course                      Education elective                      Education elective                      Education elective                      Elective</p>
<p>Elementary Education and Special/Inclusive Education students will reverse the Fall and Spring semesters in Year 5 and complete PS III in the Spring.</p>	

<sup>1</sup> Semester of offering may vary.

<sup>2</sup> Education 2500 may also be taken in Spring or Summer semester.

**Note:** Sociology 2100, 2200, and 2210 should be completed as soon as possible in your program to avoid prerequisite and sequencing problems. These courses are crucial to the further study of Sociology.

### Terms Used

**GLER course:** A course that could count toward the General Liberal Education Requirement. You may use courses in your major towards this 12-course requirement. See the 2010/2011 University of Lethbridge Calendar, Part 4 - Academic Regulations (p. 85) for complete information.

The Faculty of Arts and Science offers Liberal Education 1000 and 2000, specifically designed to introduce first-year students to the wide scope of human knowledge and teach essential university success skills, critical thinking, and integrative thinking (see the 2010/2011 University of Lethbridge Calendar, Part 14 - Courses, p. 306). LBED 1000 and 2000 may be used toward satisfying the GLER.

**Elective:** A course that you may choose freely from all those available and applicable to your program. Use courses inside or outside your major, bearing in mind any restrictions that may apply (e.g., a maximum of 17 courses from any one department).
