What is Sociology?

Sociology provides the conceptual and methodological framework to understand society. Its primary goal is to stimulate thinking about society, applying imagination and critical analysis to the many facets of social life.

About the Major in Sociology

Using the conceptual and methodological tools that sociology provides, we gain insight into how people relate to one another and become aware of the values and beliefs that shape the structures and processes of society. This encourages more than the development of analytical insight; the application of sociology can lead to a better understanding of social problems and issues and suggest how they might be addressed.

Sociology graduates may pursue careers in

- social work
 - criminal justice
 - law
 - rehabilitation counselling

Co-operative Education

A Co-op option, requiring three work terms, is available. Students interested in the Co-operative Education/Internship program should contact the Coordinator of Co-operative Education in the Career Resources Centre (AH154 | phone: 403-382-7154) for further information.

Program Requirements The B.A. degree with a major in Sociology requires 40 semester courses, including a minimum of 14 courses (13 Sociology courses plus one cognate) in the major. A maximum of 20 courses in Sociology is allowed.

Transfer Credit Remember that you may use both University of Lethbridge credit and credit transferred from another college or university to meet degree and major requirements. Transfer credit may be either specified or unspecified. Specified credit is indicated on your transcript by the subject name and the specific number of the course, e.g., Sociology 1000, 2100, etc. Unspecified credit (1XXX, 2XXX, etc.) is indicated by the subject name and level of the course in parentheses, e.g., Sociology (1000 level), Sociology (2000 level), etc.

Unspecified Course Credit Unspecified course credit means that the University of Lethbridge does not offer the same course you transferred in, but we recognize it and treat it as a regular course. An unspecified course would count as one of your maximum of 20 from one department, but it could not meet a specific course requirement. For example, if Sociology 2200 is required in your program, you could not use Sociology (2000 level) to fulfill that requirement. Students with unspecified transfer credit need to consult an Academic Advisor to establish how the transfer credit fits in the degree program. This should be done as soon as possible after transfer credit is awarded.

Terms Used

GLER course: A course that could count toward the General Liberal Education Requirement. You may use courses in your major towards this 12-course requirement. See the 2012/2013 University of Lethbridge Calendar, Part 4 - Academic Regulations (p. 90) for complete information.

The Faculty of Arts and Science offers Liberal Education 1000 and 2000, specifically designed to introduce first-year students to the wide scope of human knowledge and teach essential university success skills, critical thinking, and integrative thinking (see the 2012/2013 University of Lethbridge Calendar, Part 14 - Courses, p. 327). LBED 1000 and 2000 may be used toward satisfying the GLER.

Elective: A course that you may choose freely from all those available and applicable to your program. Use courses inside or outside your major, bearing in mind any restrictions that may apply (e.g., a maximum of 20 courses from any one department).

Cognate: A course from a related discipline deemed to complement the chosen area of study and to encompass knowledge and skills essential to that area.
