2012/2013 Program Planning Worksheet
B.A./B.Mgt. or B.Sc./B.Mgt. with a Disciplinary, Combined Degrees, or Multidisciplinary Major
This worksheet has four sections (with instructions):
Degree Summary is an overview of degree and major requirements (p. 1).
Arts and Science Requirements helps you keep track of all of the Arts and Science courses you have taken, and how they fulfill specific major and degree requirements (pp. 2-3).
Admission to the Faculty of Management lists the requirements you need to be admitted into the Faculty of Management (p. 4). Management Requirements helps you keep track of all of the Management courses you have taken, and how they fulfill specific major and degree requirements (p. 4).
Please remember that this is only a guide. It must be used in conjunction with the 2012/2013 University of Lethbridge Calendar, which contains detailed information on major, program, and degree requirements and is the final authority on all questions regarding the B.A./B.Mgt. or B.Sc./B.Mgt. Combined Degrees program.

*For purposes of these regulations, Mathematics and Computer Science; Geography and Archaeology; and French, German, and Spanish may be considered as separate departments.

Note: Students seeking the B.A./B.Mgt. or B.Sc./B.Mgt. degrees may not declare similar majors. TRACKING YOUR ARTS AND SCIENCE REQUIREMENTS

One course can meet more than one requirement. Therefore, a course may be listed under more than one heading.

For example, if you are a Philosophy major, the course Philosophy 3404 would count toward the major; it would count toward the senior course requirement; it would be listed as a non-Science course for the B.A.; and, it would be used in the General Liberal Education Requirement as a Humanities course. Philosophy 3404 would therefore be listed four times, since it is part of four separate requirements.

Note: All courses on this page must be Arts and Science courses. Courses cross-listed with the Faculty of Arts and Science may be included.
