**Geography, with a Concentration in Geographical Information Science**

**Post-Diploma Bachelor of Science**

This is a planning guide and not a graduation check or guarantee of course offerings. You should have a program check done in your final year of studies. Students are responsible for the accuracy of their own programs. The guide should be used in conjunction with the University of Lethbridge Calendar, which is the final authority on all questions regarding program requirements and academic regulations. Contact an Academic Advisor in the Faculty of Arts and Science for advising information.

**Name :** \_\_\_\_\_

**ID :** \_\_\_\_\_

**Post-Diploma B.Sc. Geography**

Completion of at least 20 courses (60.0 credit hours) with a grade point average of at least 2.00.

**Required courses (20 courses):**

- |   |  |
|---|--|
| <p>_____ 1. Computer Science 1620 - Fundamentals of Programming I</p> <p>_____ 2. Geography 1200 - Introduction to Human Geography</p> <p>_____ 3. Geography 2210 - Spatial Organization of Economic Activity</p> <p>_____ 4. Geography 2700 - Geographical Data and Analysis</p> <p>_____ 5. Geography 3720 - Remote Sensing</p> <p>_____ 6. Geography 3740 - Geographical Information Systems</p> <p>_____ 7. Geography 4725 - Advanced Remote Sensing</p> <p>_____ 8. Geography 4740 - Advanced Geographical Information Systems</p> <p>_____ 9-10. <b>Two of:</b></p> <p>_____ Environmental Science 2000 - Fundamentals of Environmental Science</p> <p>_____ Geography 2030 - Geomorphology</p> <p>_____ Geography 2300 - Weather and Climate</p> <p>_____ 11. <b>One of:</b></p> <p>_____ Geography 3235 - Quantitative Models for Geographic Analysis</p> <p>_____ Geography 3700 - Cartography</p> <p>_____ Geography 3710 - Field Techniques in the Earth Sciences</p> <p>_____ Geography 3750 - GIS Applications in Human Geography</p> <p>_____ 12. <b>One of:</b></p> <p>_____ Geography 4400 - Hydrology II</p> <p>_____ Geography 4415 - Integrated Watershed Management</p> <p>_____ Geography 4700 - Advanced Computer Mapping</p> <p>_____ Geography 4710 - Remote Sensing Field Techniques</p> <p>_____ Geography 4730 - Spatial Statistics</p> <p>_____ Geography 4750 - Glacial Processes, Measurements, and Models</p> <p>_____ Geography 4751 - Project in Spatial Modelling</p> <p>_____ Geography 4753 - Seminar in Remote Sensing</p> | <p>One additional course (3.0 credit hours) in Geography, Geology or Archaeology at the 3000/4000 level, with a Science designation</p> <p>13. _____</p> <p>One additional course (3.0 credit hours) in Geography, Geology or Archaeology at the 4000 level, with a Science designation</p> <p>14. _____</p> <p>Three courses (9.0 credit hours) from List I: Fine Arts and Humanities</p> <p>15. _____ 17. _____</p> <p>16. _____</p> <p>One course (3.0 credit hours) from List II: Social Sciences</p> <p>18. _____</p> <p>One course (3.0 credit hours) from List I: Fine Arts and Humanities or List II: Social Sciences</p> <p>19. _____</p> <p>One additional course (3.0 credit hours) at the 3000/4000 level</p> <p>20. _____</p> |
|---|--|

**Notes**

To determine if a given course has a Fine Arts and Humanities, Social Science, or Science designation, see List I: Fine Arts and Humanities Courses, List II: Social Science Courses, and List III: Science Courses (see the 2016/2017 University of Lethbridge Calendar, **Part 4 - Academic Regulations, General Liberal Education Requirement**, p. 86).

Students may not take for credit courses that have close equivalents in their diploma program. Students should consult the Program Coordinator for Geography (Geographical Information Science Concentration) concerning possible adjustments to the above program requirements. Excluded courses include the following: Geography 1000 and Geography 2735.

## Sample Sequencing Plan

Shown below is a sample sequence of courses for your degree. If you follow this plan, you should be able to graduate in two years, provided you complete five courses per semester. This is just one example of how you could complete your major and degree requirements; you may find that a different sequence works as well as this one.

<p><b>Year 1, Fall</b>                      Two of: Environmental Science 2000, Geography 2030, Geography 2300                      Geography 1200                      Geography 3720                      GLER course</p>	<p><b>Year 1, Spring</b>                      Computer Science 1620                      Geography 2700                      Geography 3740                      Geographical Techniques course                      GLER course</p>
<p><b>Year 2, Fall</b>                      Geography 2210                      Geography 4740                      Geography 4000-level list course                      Geography, Geology, or Archaeology 4000 level (science)                      GLER course</p>	<p><b>Year 2, Spring</b>                      Geography 4725                      Geography, Geology, or Archaeology 3000/4000 level (science)                      Elective 3000/4000 level                      GLER course                      GLER course</p>

## Terms Used

**GLER course:** A course that could count toward the General Liberal Education Requirement. You may use courses in your major towards this 12-course requirement. See the 2016/2017 University of Lethbridge Calendar, Part 4 - Academic Regulations for complete information.

**Elective:** A course that you may choose freely from all those available and applicable to your program. Use courses inside or outside your major, bearing in mind any restrictions that may apply (e.g., a maximum of 24 courses from any one discipline).
