This is a planning guide and not a graduation check or guarantee of course offerings. You should have a program check done in your final year of studies. Students are responsible for the accuracy of their own programs. The guide should be used in conjunction with the University of Lethbridge Calendar, which is the final authority on all questions regarding program requirements and academic regulations. Contact an Academic Advisor in the Faculty of Arts and Science for advising information.

Name : _____

ID : _____

Indigenous Student Success Cohort**Program Requirements (7-9 courses):****Required core:**

 ____ Mathematics 0520 - Essential Mathematics
 ____ Sociology 0520 - The Sociological Imagination
 ____ Additional approved courses at the 1000- or 2000-level

Notes

Students should choose Option courses based on the admission requirements of the undergraduate program (B.A., B.H.Sc., B.Mgt., B.N., B.Sc., etc.) they intend to enter at the completion of the ISSC. ISSC learning facilitators and advisors will provide guidance on appropriate course selection based on desired goals.

Students who complete the minimum course requirements of the ISSC and meet the Faculty of Arts and Science academic standards required for continuation (see **Academic Standards, p. 79**, in the 2020/2021 calendar), will be admitted to any Arts and Science undergraduate program for which they have the required prerequisite courses (see **Admission, p. 78**, in the 2020/2021 calendar). Those completing the ISSC with a minimum GPA of 2.00 (on the University of Lethbridge 4.00 scale) will be considered to have met general admission requirements for programs in the Faculty of Fine Arts, Faculty of Health Sciences, or the Dhillon School of Business (see **Admission, Continuing Students Changing Programs, p. 26**, in the 2020/2021 calendar). Some programs have additional admission requirements or higher standards for entry that must be met before admission will be considered.
