Bachelor of Arts / Bachelor of Education

French / Modern Languages Education French

As an Education major, a student develops a strong knowledge base in the subject area they intend to teach. They also receive in-depth preparation in how to teach, including both general and subject area instructional methods.

In today's globalized context, students of modern languages are being prepared for membership in a global community that extends far beyond the boundaries of the English-speaking world. You will gain awareness of other cultures through courses in language, literature, culture and civilization, as well as through academic and living experiences.
