ID:

Name: _____

Bachelor of Science

Biological Sciences

Biological sciences delve into the world of living organisms — from microbes, to human beings, to entire ecosystems. It is the science of life on, under and above earth. Exploring the nature of life leads biologists out into the world where they study how organisms interact with their environment, how they function and how they evolved over time. The Department of Biological Sciences provides you with hands-on learning, moving you beyond textbooks and lectures to engaging research projects. Biology is a research-intensive science that can lead to a wide range of study areas, like environmental work, medicine, microbiology or agriculture.
