Bachelor of Nursing (After Degree)

Nursing

The BN After Degree is a 24-month continuous program starting in September of each year and is a collaborative program offered by the University of Lethbridge and Lethbridge Polytechnic. New applicants apply directly to the University of Lethbridge. Newly admitted students will register in and attend courses at Lethbridge Polytechnic for the first two semesters of the program. For the remaining semesters of the program, students will register in and attend courses at the University of Lethbridge. The program provides the essential background to write the Canadian licensure exam to become a Registered Nurse (RN).
